*Semen from 125 bulls sells!*

**FINAL BULL SALE  
February 11, 2012**

Catalog by Hereford America

**[www.bakerherefords.com](http://www.bakerherefords.com)**

Videos are posted on our website.

**TERMS & CONDITIONS:** Terms of the sale are cash, check or other terms agreed to in writing between seller, buyer and sale manager, payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle

**PURCHASER'S RISK:** All animals are the seller's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer. **ALL SALES FINAL.**

**BIDDING:** Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

**CERTIFICATE OF REGISTRY:** A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

**ANNOUNCEMENTS:** Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

**LIABILITIES:** All persons who attend the sale do so at their own risk. The seller, auction facility and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or to enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the sale manager and Hereford America from pedigrees and information supplied by sources deemed reliable, however, the sale manager & Hereford America will in no way guarantee the pedigrees of the animals selling or data included in this catalog. Any exceptions taken are between the buyer and the seller.

**CONTRACT:** The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

**CONFERENCE CALL BIDDING:** We are offering conference call bidding on sale day.

**Pre-register to bid:** Please call Art Handel at 605-391-8233 prior to sale day to register for a buyer number. (You may call several days in advance to pre-register.) To register on sale day call 605-244-9066 between the hours of 9 and 11 (Mtn. Time). All Conference Call Bidders must be approved by 11:00 in order to bid. The conference call number on sale day for bidding is 605-244-9066, password code when prompted: 21368.

**VIDEO AUCTION:** The sale will be conducted with a live auction, however, sale cattle will not be run through the ring. They will be shown on three large video screens in the Baker sale ring. All cattle will be on display in pens.

**INTERNET BIDDING:** Absentee bidders who wish to utilize the internet may either bid online at [www.frontierstockyards.com](http://www.frontierstockyards.com) or watch online and bid over the phone with a Frontier Stockyards representative by calling 605-244-2663, when prompted dial in the Conference ID: 87428. Please register online in advance of the sale.

**HERD HEALTH:** All current sires are tested I.E. free. We have tested all cows that could be possible carriers. All cows in the sale, to the best of our knowledge, are I.E. free. All bulls selling are tested free of trichomoniasis. Health management through Dr. Bill Hines. Every precaution has been taken to ensure vaccinations are current. Health of herd is excellent and scheduled vaccines are regularly given.

**Airlines:**

Rapid City is served by United, American, Delta and Allegiant Airlines.

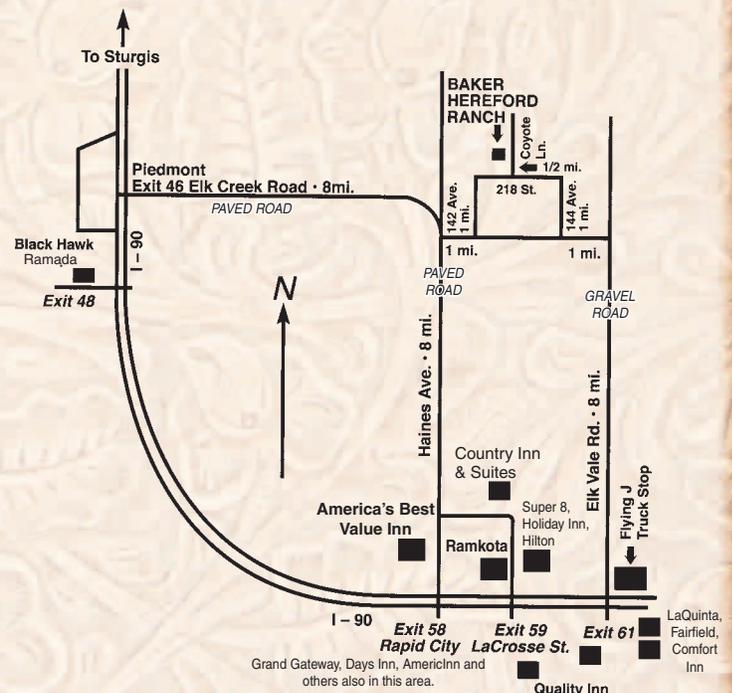

**Hotels:**

Rapid City has a wide variety of hotel accommodations. However, with several other events in the area it is advisable to call early for reservations. Following are several hotels which are close to the ranch:

- Ramkota Best Western** 605-343-8550

To register on sale day call 605-244-9066 between the hours of 9 and 11 (Mtn. Time). All Conference Call Bidders must be approved by 11:00 in order to bid. The conference call number on sale day for bidding is 605-244-9066, password code when prompted: 21368.

## **Baker's Semen Spectacular Sale**

*Semen from 125 bulls sells!*

Our semen interests in many of the breed's top sires  
will sell online September 17-October 2.

Check our website for details:  
**[www.bakerherefords.com](http://www.bakerherefords.com)**

# Welcome...

Dear fellow cattlemen and friends,

Psalms 24:1 says, "The earth is the Lord's and the fullness thereof." We are thankful and blessed to have been able to care for and develop this herd of cattle for over 66 years; it has been an enjoyable and rewarding time. The people we have

*John, Jim, Jay, Jeff, Joel and Ken*

worked with in our opinion are the salt of the earth. This herd of cattle over the years has been responsible for supporting several families as the sales from this herd have consistently been of the tops in the nation and for this we say thank you. For a history of our operation you can go to our website [www.bakerherefords.com](http://www.bakerherefords.com). I would however like to briefly speak about the philosophy we have had in building this herd. Our dad, Ken, had a keen eye and gift for seeing cattle that were "total performers"; he and we have looked beyond what is the most recent fad to what cattle will give us the bottom line that we need to stay in business. I often wonder how many total miles dad flew and drove to seek out those cattle that were quality performance cattle. While we have used and produced sires that could bring us what we wanted, the cowherd has always been our pride and joy. We have insisted on cows that are fertile, have longevity, can calve on their own, can milk giving a problem free udder, and can raise a quality calf year after year regardless of what you breed her to. For us we want every cow in the herd to be capable of raising our high selling bull on any given year. With Ken's original eye, line breeding, performance testing at all levels and rigid culling has brought this herd to where it is today. We would not have gotten here either without our customers who we greatly appreciate.

For Jeff and I, our hearts and passion have been to carry on what Ken handed off to us. We have done this to a point that we now need help as our bodies are hurting and so with this sale we say thank you for the help as we hand these treasures over to you. We wish you the very best with them. Our business over the past few years has never been so good in terms of the number of cattle we have sold and the positive response we have had to them. We feel it is a wonderful way of life, a wonderful industry, a wonderful time to be in the industry, and most of all the best breed of cattle one could have. We would like to invite you to this sale and to our ranch anytime that fits your schedule. You are also invited to our Feb. 11, 2012 sale where the bull calves will be sold. And finally we hope you can be with us Thursday evening at the ranch for a hamburger fry and social. If you have any questions between now and then please give us a call, we look forward to seeing you all.

Jim and Jeff Baker and families

### COMPLETE DISPERSAL!!!

This is a statement that has great meaning for you and your breeding program. Only when a GREAT HERD is completely dispersed do you have the opportunity to add the GREAT COWS to your herd. In my 41 years of HEREFORD merchandising, I have always ranked the BAKER cow herd in the same breath with COOPER and HOLDEN. This family has been noted for 66 years of producing very top quality seedstock for both the registered and commercial producer. KEN BAKER was a longtime personal friend who was extremely knowledgeable about Line One cattle. He was a man who had the ability to mate cattle to get the best results. His sons, Jim and Jeff have carried on that family tradition. Jim and Jeff have a great knowledge of Line One genetics today. The Bakers have been master breeders of Hereford cattle.

All the bred heifers, all the spring and fall bred cows, all the open spring and fall heifer calves as well as all the herd bulls sell September 23, 2011. The 2011 bull crop will be offered in their February 11, 2012 annual bull sale.

The disposition of this cow herd is fantastic. We have been picturing and videoing these last few days of July. All I can say is WOW!!! WHAT A HERD OF COWS. Consistently big barrelled, high volume females with excellent udders and a really top set of calves at side. 66 years of production does provide as solid a foundation cow herd as one will have the opportunity to purchase this year. Ken Baker left a great legacy to his sons and now due to health concerns, they offer to you the opportunity to add this great breeding program to your herd.

You need to attend this sale if you have need for improvement in your herd. You will be able to look at the entire offering online at [bakerherefords.com](http://bakerherefords.com) or go to the link on [HerefordAmerica.com](http://HerefordAmerica.com) or [theherefordconnection.com](http://theherefordconnection.com). This sale will be online sale day at [www.frontierstockyards.com](http://www.frontierstockyards.com) — a new hookup for The Hereford Connection.

### SEMEN BANK SALE!!!

BAKER HEREFORD RANCH will conduct an internet sale for all stored semen they have available. A complete list of Herd Sires and volume of semen on storage will be provided. This sale will start September 17 and run through October 2, 2011 online at [www.bakerherefords.com](http://www.bakerherefords.com). Check the website for details. Semen from some of America's top current and proven foundation sires will be offered. Check for details.

A L1 Domino 03396 son that breeds tremendous depth and thickness. 6105 was our pick at Coopers 2007 sale and he has proven to be a great breeding bull. He sired our top selling bull and many of our high sellers in our 2011 sale. His daughters look like the replacement kind. They are thick, deep, wide and milk very well with excellent udders. If you need more thickness and strong carcass EPDs, look this bull and his daughters over. We highly recommend them. Owned with Bruce Anderson, N.D.

A long sided, thick topped 218 son by a red eyed, thick made Oxley bred cow that is a producer. He is a very solid marked, long made bull that was one of our 2008 high sellers. We used him as a yearling and have two super daughters by him in the sale. We own 6152 with Bruce Anderson who has an outstanding set of calves by him. If you need a heifer bull with thickness and milk, look him over.

*This may be one of the best bulls we have ever used. 849 is what we have been striving for in our breeding program for many years. He is a bull you can breed to heifers, has explosive performance (111 WR) and a strong proven maternal background without giving up growth. His first sons all out of heifers averaged over \$5,700. His sire, 648, was the top seller at Cooper's 2007 sale at \$40,000. 648 is also a proven low birth weight sire with proven daughters and a +34 Milk EPD. He is now a 10-trait EPD leader. 591 has four natural sons that have averaged over \$12,000. Owned with Bruce Anderson.*

*Here is our 2009 top seller by 521 and a great I80 donor cow that has Lots 168 and 169 selling. He is massive, deep and thick throughout with great length. 844 travels the pasture with ease. We have a top set of calves on the ground by 844 and had no calving difficulty at all. His calves have great length of body. This bull will add performance and maternal strength.*

**Selling 1/2 semen interest, full possession and 160 units of semen**

 He sells!

I truly believe this is one of the most complete bulls we have owned. He is a low birth weight 860U son that's thick topped, correct and clean fronted. 860U was Cooper's 2009 top seller at \$55,000 and a full brother to the 993 bull we have used here in our herd. We have always been impressed by 0100X's dam, 193, a nine year old cow that ratioed 0100 off at 106. She has been a donor cow for Coopers and has many top sons working across the country. Coopers are flushing a maternal half sister to 0100X this year.

A massive, deep made, long sided 3138 son by the great 310 cow (Lot 12). He is a special female sire whose daughters are just awesome. A son, 844U, topped our sale in 2009 and a daughter raised our 2010 top seller. He is a trait leader for CE, Milk, M&G, Marbling and CHB. 521 is a unique bull whose EPDs have gotten better every year. The way his daughters produce there is no telling where his EPDs will end up. Owned with JBN Livestock.

**Selling 1/2 semen interest + 200 units of semen**

One of our 2003 top sellers to JBN Livestock, SD, that has become a 9-trait leader. Being especially strong with calving ease, birth weight, milk and REA. His sons have been top sellers every year we offered them for sale. We have used four of his sons and two are in this sale. It is very rare to find a bull you can use on heifers and whose REA ranks in the top 1% of the breed and his daughters are outstanding. A large number of his sons are working in purbred herds. Dam 011 was a fabulous 5101 daughter (Cooper's 1996 \$22,500 top seller) that raised 218 as a two year old. She had a beautiful udder with extra volume and thickness. Owned with Rocking Chair Ranch, TX & JBN Livestock, SD.

8203 was Holden's 2009 top seller at \$50,000 for 1/2 interest and in one calf crop has become a 6 trait leader. His bulls were very well received by breeders across the country this past March. He breeds thickness, volume, eye appeal and length. We have 2 fabulous heifer calves selling. A.I. sire.

9016 was Holden's second high seller in 2010 at \$20,000 to Coopers. We were very impressed with him then and after using him we like him more. He is a calving ease bull with calves that are very smooth and have exceptional length. His calves are also correct, pigmented, clean made and have a powerful dam, 4016, and grandam 0023K, two of Holden's very best cows. A.I. sire.

We feel the 501 bull is a Hereford legend and feel fortunate to have owned him. He was Cooper's 1986 top selling bull that Les Holden purchased for \$25,000. Not only did he leave his mark on the bull side, but also his females have been some of the elite cows of the breed. His pedigree is stacked with some of the greatest of the Cooper cows such as the \$35,000 243 cow, the \$31,500 418 cow who also produced the \$60,000 610 cow not to forget to mention the great 810 and 133 cows. He also has in his pedigree two of the greatest Miles City bulls 75901 and 67164 who were both out of fantastic cows. It is no accident that 501 has done what he has done. Our herd is rich in his influence. 5 trait leader.

*I probably could write a chapter on this great bull instead of a few lines. He was by far the most influential outcross bull we ever used. People will see him in a lot of sale pedigrees and say, she's not straight L1, but by putting 414 in the pedigree is what may make her good. 414 was a massive bull that added substance, growth and milk. I still have people come up to me and say, we still have a few 414 daughters and they are some of the best cows we own. I think that says more than I can write.*

484 was used A.I. for two years and he did wonders for our herd. His sons were the high selling sire group each year but most important, his daughters were great. They were functional cows that were not extreme and they would really raise a calf. He himself was a high seller in Cooper's sale to Holdens. His mother, 761, was a great cow. We were really proud of our 484 offspring.
