Selling:

***110 – Yearling Angus Bulls
40 – 2 Year Old Angus Bulls***

***AM & NH Free • Semen Tested
Guaranteed • Ultrasounded***

Welcome Cattlemen and Women!

We are honored by your interest in our program. We focus on a COMPLETE PACKAGE of soundness, fertility, performance, and profitability. Operating a minimal input operation with little supplementing keeps our cow herd honest. These females do not get pampered, their calves do not get creep fed. The bulls get put on a developing ration to ensure the best possible soundness and genetic potential for a life of breeding. They are fed at the ranch with a 40 acre lot for exercise.

There will be about 50 potential low birth weight heifer bulls. We continue to be competitive in our genetics as we've taken bulls to Midland Bull Test to check RFI on the GrowSafe technology. We were pleased to find we were on the right track with feed efficiency in our genetics. With the high feed costs today, this was important to us in our breeding selections. We are excited to help you be a part of the profit making with genetics that continue to perform. If we can be of any further assistance, please feel free to call.

Sincerely,
Rod Gray – Gray's Angus Ranch
