VIDEO AUCTION: The sale will be conducted with a live auction, however, sale cattle will not be run through the ring. They will be shown on three large video screens in the K&B sale ring. All cattle will be on display in pens.

ACCOMMODATIONS:

Gettysburg: Gettysburg Inn (605) 765-2373 (formerly Super 8); Sage Motel (605) 765-2471
Miller: Super 8 (605) 853-2721
Pierre: Ramkota Inn 1-800-528-1234; Kelly Inn 1-800-635-3559; Governor's Inn (605) 224-4200 or 1-888-315-2378, plus many more.

TRANSPORTATION: Pierre, SD has commercial air service. The Gettysburg, SD, airport, 20 miles from the ranch, has a paved runway and will handle private jets.

TERMS & CONDITIONS: Terms of the sale are cash, check or other terms agreed to in writing between seller, buyer and sale manager, payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle

PURCHASER'S RISK: All animals are the seller's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All sale cattle are guaranteed IE-free and diluter-free by K&B Herefords. The K&B calves have all had the following vaccinations. Spring: Plioguard Pinkeye+7 and Viroshield 6+Somnus; Fall: Vision 7 Somnus, Express 5 PHM and Promectin B pour-on. All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for International Shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or to enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the sale manager and Hereford America from pedigrees and information supplied by sources deemed reliable, however, the sale manager & Hereford America will in no way guarantee the pedigrees of the animals selling or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

CONFERENCE CALL BIDDING: We are offering conference call bidding on sale day. This is coordinated through Art Handel. Please call prior to the sale to register for a buyer number. The conference call number is 605-852-6100, password code when prompted: 80708.

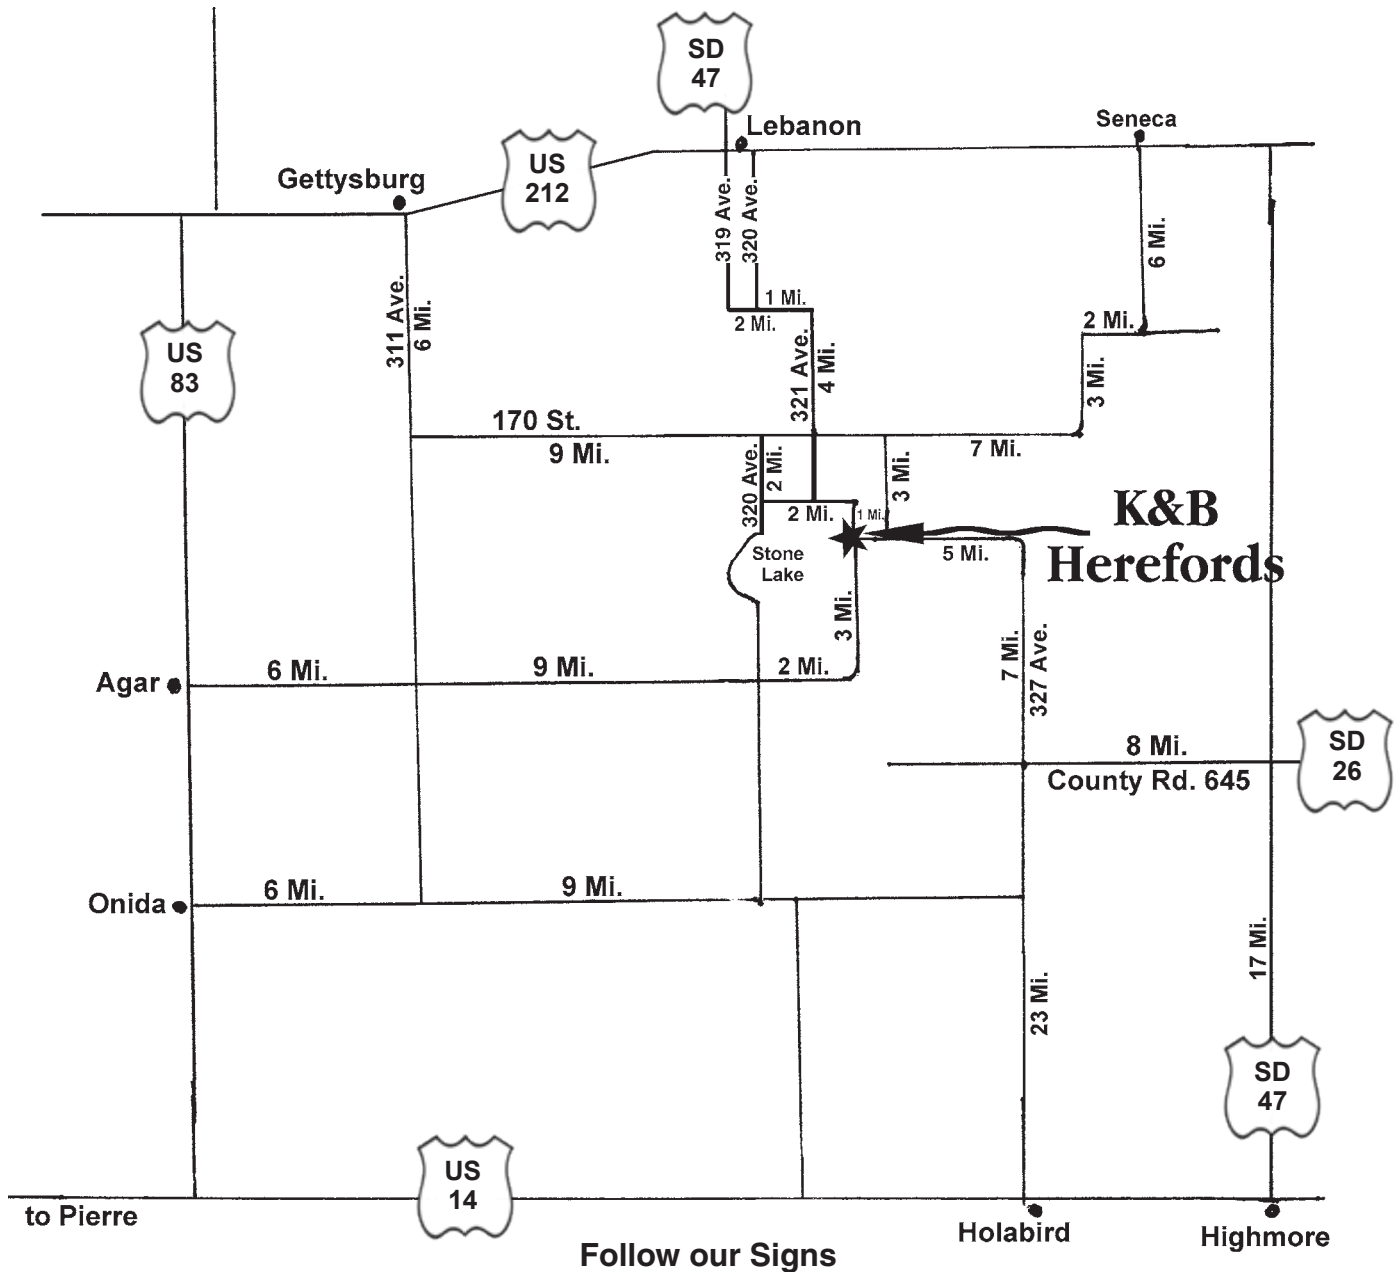

DV AUCTION: Bidding may also be conducted online at DV Auction.com. Please call Tami McIntosh at 308-870-3661.

We Thank You for Attending Our Sale

Working for the Breed

The K&B young cow herd dispersal provides fellow Hereford breeders with an opportunity to participate in a breeding establishment that has been providing seedstock to the registered and commercial industry for 65 years. J.C. Bieber registered the first Herefords in 1945 and the family has recorded Herefords ever since. Ken and Bonnie Bieber married and started at the present location in 1959. They raised three children and grew the ranch. Daughter, Brenda (and family now in the Denver area), sons Brooke and family and Kirk are now the ranch work force and managers. Ken and Bonnie have put heart and soul into their tenure running K&B and now it becomes the responsibility of the next generation of K&B, namely Kirk and Brooke. It is only through dispersal sales such as this that you as potential buyers have the opportunity to add the solid, proven genetics of such a cow herd as this. Whether you are starting a new herd or wishing to get some of the best to add to your existing herd, this is where you want to be on October 4, 2010.

The entire cow herd, ages 7 and younger, is being offered along with the 2010 calf crop at side. The bull and heifer calves selling represent the K&B breeding program extremely well. Quality runs throughout the entire offering.

K&B is offering a bull development program for those bull customers who don't care to take the young bulls home after the sale.

The cow herd has been tested and is guaranteed to be IE and Diluter free.

The ET donor cows from the sale age groups are selling, as well as ET bull calves and embryos.

K&B is a name very familiar to the Denver show scene as this firm has participated and produced numerous Denver Champions over many years. On the "Hill" and in the "Yards," the purple banners have often hung with the K&B sign.

Brooke and Kirk were honored in 2000 as National Western Stock Show Hereford Herdsmen of the Year by their peers. K&B Herefords, Ken and Bonnie Bieber were honored in 2009, being inducted into the American Hereford Association HALL OF FAME as breeders who have dynamically influenced the direction and advancement of the Hereford Breed. They have had the passion and desire to dedicate their lives to the Hereford cause. We all owe them a big THANK YOU!!!

October 4, 2010 — A MONUMENTAL HEREFORD DAY
Be at K&B Herefords Ranch!

Dear Customers,

We would like to invite you to attend our "Heart of the Herd" dispersion. We will be selling all cows under 8 years and their calves, plus 73 bred yearling heifers, our herd bull battery, 17 ET bull calves and a few embryo packages. Our decision to have this sale was based on manageability more than anything. We have been relying on Ken (semi-retired?) far too much for labor and we plan to manage the ranch without hiring outside help. We plan to run more commercial cows and have a small elite registered herd, we will be retaining our ET heifer calves a few older cows (over 8 years old) and a small embryo bank for the base of our herd. We're moving our calving back to April and not having a February bull sale in order to work with mother nature a little more. As you go through the cattle I'm sure that our love for Hereford cattle for over 60 years will be evident. The females we are selling go back to generations of cattle with performance, eye appeal, and predictability. We take great pride in this herd of cattle and are very confident in their ability to go out and do a great job for their new owners. We have culled heavily based on soundness, performance, fertility, and udder quality. For you bull buyers this is an excellent opportunity to buy an outstanding set of calves right off their mothers. The cattle will be on display Sunday Oct. 3rd, so come early, study the cattle and visit with us and fellow cattleman. We will be having an informal barbecue on Sunday evening. We look forward to seeing everyone!

Sincerely,

Ken, Bonnie, Kirk, Brooke and Crissy Bieber

— Sale Bulls —

We are dispersing our entire COW HERD that is seven years old or younger on October 4, 2010 here at the K&B Ranch. We will also be selling the BULL and HEIFER calves at the side of those cows, along with some of the top embryo calves from the 2010 bull crop. THIS WILL BE THE BULL SALE GROUP as we are not planning a bull sale for spring 2011. The bull buyers will have near 90 bulls to select from in this sale.

To K&B BULL BUYERS:

We are offering a winter BULL DEVELOPMENT program to the buyers of this 2010 bull crop.

#1 — Bulls will be fed and wintered at a cost of \$75 per bull, per month until delivery.

#2 — Bulls left for the K&B bull development program will need to be insured. K&B will do a 50/50 cost share on the insurance premium. A six month policy is 4% of the purchase price, making the buyer's share 2% of the purchase price. Insurance premium is to be paid on sale day.

#3 — UNINSURED BULLS. The bull buyer accepts full responsibility of any loss if they decline the insurance and they will sign a waiver at settlement time.

We feel that we have an outstanding offering of bulls to show and sell. They are being developed in the same manner as previous years and you will have the opportunity to see them with their mothers on sale day or any time prior to sale day.

We invite your inspection at any time. Give us a call.

P.S. The Angus bulls are available at private treaty.

Wow, what a bull! Here is a golden opportunity to buy a powerful breeding herd bull in his prime. He is by Lot 6, our super donor cow, 4216, and KCF Bennett 3008 M326. Phenotypically he is sound, correct on his feet and legs, deep bodied, loaded with muscle and moves like a true athlete. He is red to the ground and goggle eyed. There is a tremendous set of calves by him in this sale. His calves come easy and have excellent vigor. He sired 68 calves in 2010, with 42 bull calves average birth weight of 90.6 lbs. and 26 heifers average birth weight of 82.5 lbs. Many of the cows in the sale carry his service. He may be the best bull we've ever raised. His maternal brother, Tailor Made, sells as Lot 2. Bandido is a sure bet! 365-day REA 14.01, IMF 3.21, Rib Fat 0.22. Selling 2/3 interest and full possession.

Tailor Made is the result of crossing Harland with 4216, our super L18 donor cow. He is a bull with tremendous muscle expression. He is solid marked, red eyed and has a large scrotal measurement. He has a tremendous set of balanced EPDs including carcass. He had REA 14.22, IMF 3.33 and Rib Fat 0.22. He should sire lots of milk and superior udder quality. We have a lot of confidence in Tailor Made's breeding ability. He is enrolled in the National Reference Sire Program and we are looking forward to the results. Selling 2/3 interest and full possession.

Jet combines the maternal and carcass excellence of 3027 with the power and style of his KO dam, 7044, who is donor cow, Lot 7. 3027 is a proven low birth weight, high performance bull. 7044 brings added performance, carcass and superior udders in her background. Jet's ultrasound data was REA 13.69, IMF 2.45, Rib Fat 0.22. He has as good a set of EPDs as you could write up. We bred many of the heifers and several of the cows in the sale to him. Selling 2/3 interest and full possession.

4216 is a powerful L18 daughter we feel is one of the best cows in the breed. This sale will carry a lot of her influence. She is the dam of Bandido, Tailor Made and 6076. Phenotypically she is a beautiful red-eyed cow that is structurally correct with lots of natural thickness. She is an excellent uddered cow with plenty of milk. Her two natural calves averaged 111 WR and had birth weights of 86 lbs. and 72 lbs. This is a great opportunity to purchase one of the breed's best. She sells open and ready to flush.

5037 is a powerful donor cow here at K&B. She is a stout made cow with an absolutely perfect udder. She has averaged 109 WR on her three natural calves. She is an excellent embryo producer. Her first batch of ET calves by Cracker Jack are really impressive. Her super heifer calf last year sold to Kaczmarek Cattle and Klippenstein Family Farms. Here is a super P606 cow with four excellent ET bull calves in the sale. Sells open and ready to flush!

6026 "Sandy" is a donor cow for us by 2490 and the good Lot 12 cow. One of our nieces showed her at the Junior National and named her Sandy. Every one of Sandy's progeny to date have been outstanding. Her first calf is a herd bull for Ravine Creek Ranch. Her second calf was our favorite heifer and was in our Denver show string. Both of her ET bull calves are tremendous individuals. The 0150 calf, Lot 10B, is an intriguing calf for us. He is super thick and super clean fronted. We will be keeping an interest in him to be announced on sale day. Sandy has two maternal sisters in the sale, 7003, Lot 45, who has one of the top bull calves and 9059, the Lot 167 bred heifer.

AI to K&B Bandido 8227U ET on May 27. Pasture exposed to Bandido from July 1 until August 5.

K&B — History & Highlights

Ken's father, J.C. Bieber, started raising cattle in 1920 and transitioned to registered Hereford cattle in 1945 on the home ranch located 30 miles north of Gettysburg, SD. J.C.'s oldest son Reuben operated that ranch. During the very dry 1930s J.C. had moved some of the cattle to another place (20 miles southeast of Gettysburg, in Sully county), which became two ranches — operated by Ken's two brothers-in-law (Jake and Alvin Heir). It was a large family of ten children—four boys and six girls.

The first annual production sale of Hereford cattle was held at the Gettysburg sale barn in 1954. In the early 1960s Reuben was lost in a farm accident. At that time Jerry and Ken became partners with their dad and continued the registered Hereford program as J.C. Bieber and Sons. The registered cow herd increased to 300 head and they sold 100 bulls annually.

As Ken and Jerry's children became more active in the operation, the two families split the cow herd but continued to have a joint production sale. In 1983 Jerry dispersed his registered herd and Ken and Bonnie along with sons Brooke and Kirk, continued the operation as K&B Herefords.

The Biebers have always been striving to produce good cattle using AI for over 35 years. Some of the bulls that made a real impact in the K&B cowherd in earlier years include RC Dan Mischief 45, called Big Dutch; DH 66 Mischief K3; RB L1 901 Domino 970; Star Donald 335F; DR Breakthrough 8543; and B Starfire 61.

In 1977 Biebers showed their first Big Dutch carload and had the Champion Spring Bull Calf Carload at Denver in 1989. For years, many of the good cattle in their herd traced back to Big Dutch.

Jerry and Ken purchased RB L1 901 Domino 970 as a 10 month old calf for \$35,000 for a half interest. He became a breed impact bull, working well on many different bloodlines across the U.S. through AI. Two famous sons were produced from that bull: L1 Pacesetter, who was Champion Bull at Denver in 1983 and 1984, and L1 Challenger who was Reserve Champion at Denver in 1984.

The 970 bull sold in Jerry's dispersion sale for \$105,000 to an 11 member syndicate. The Pacesetter bull sold for \$63,000. He was resold at Denver for \$228,000 to a group called The Pacesetter Group. He was used very strongly in Canada as well as in the U.S.

The Biebers and K&B have had 5 Denver Grand Champions and 5 Reserve Grand Champions; 2 Reserve Grand Champion Carloads and 4 Grand Champion Denver Pens.

5109 is a very attractive P606 daughter. She has a high udder score. Having a late April calf as a heifer hurt her production record but her next calf is a real good two year old and we have moved her up to March calving and she is proving herself as a producer. Average WR of 85 on three calves.

AI on May 23 to K&B Tailor Made 9017W ET. Pasture exposed from July 1 to August 5 to Tailor Made.

What a future there is ahead for this beautiful, solid marked, red eyed KO daughter. She's the kind of female we strive for. Moderate framed, correct made and excellent uddered. Add to that productivity. Her first calf is the powerful Lot 147 heifer that is one of the feature bred heifers and her bull calf at side is a bonafide Herd Bull prospect by Bandido. She is backed by excellent uddered, top producing cows throughout her pedigree. Awesome cow with an outstanding calf here! Average WR of 122 on one calf.
 AI on June 5 to K&B Bandido 8227U ET. Pasture exposed from July 1 to August 5 to Bandido.

Extremely deep bodied, thick made, beautiful uddered would be some terms used to describe 8025. Here's a young female with a bright future. She goes back to some super cows and has 9126J and L18 on the bottom side. She is the kind that could raise a herd bull. Her R413 bull calf is a real good one.

Pasture exposed from July 1 to August 5 to K&B Tailor Made 9017W ET.

BULL DEVELOPMENT PROGRAM

We are offering a winter BULL DEVELOPMENT program to the buyers of this 2010 bull crop.

#1 — Bulls will be fed and wintered at a cost of \$75 per bull, per month until delivery.

#2 — Bulls left for the K&B bull development program will need to be insured. K&B will do a 50/50 cost share on the insurance premium. A six month policy is 4% of the purchase price, making the buyer's share 2% of the purchase price. Insurance premium is to be paid on sale day.

#3 — UNINSURED BULLS. The bull buyer accepts full responsibility of any loss if they decline the insurance and they will sign a waiver at settlement time.

We feel that we have an outstanding offering of bulls to show and sell. They are being developed in the same manner as previous years and you will have the opportunity to see them with their mothers on sale day or any time prior to sale day.

Cracker Jack is a son of Wrangler 19D owned by Delaney/Atkins that we chose to use in our program. His dam is CRR D03 Violet 349, their popular donor cow. Cracker Jack's calves have extra muscle dimension and are very eye appealing. Four powerful ET bull calves by him sell along with his service on some of the cows and heifers.

Legendary has proven himself as a light birth weight, calving ease sire. He has pigment on both eyes, scrotum, and is red necked. He is clean fronted, tight sheathed and heavy muscled. His birth to weaning EPD spread is excellent. Several of our polled heifers were A/d to him.
