4216 is a powerful L18 daughter we feel is one of the best cows in the breed. This sale will carry a lot of her influence. She is the dam of Bandido, Tailor Made and 6076. Phenotypically she is a beautiful red-eyed cow that is structurally correct with lots of natural thickness. She is an excellent uddered cow with plenty of milk. Her two natural calves averaged 111 WR and had birth weights of 86 lbs. and 72 lbs. This is a great opportunity to purchase one of the breed's best. She sells open and ready to flush.

6026 "Sandy" is a donor cow for us by 2490 and the good Lot 12 cow. One of our nieces showed her at the Junior National and named her Sandy. Every one of Sandy's progeny to date have been outstanding. Her first calf is a herd bull for Ravine Creek Ranch. Her second calf was our favorite heifer and was in our Denver show string. Both of her ET bull calves are tremendous individuals. The 0150 calf, Lot 10B, is an intriguing calf for us. He is super thick and super clean fronted. We will be keeping an interest in him to be announced on sale day. Sandy has two maternal sisters in the sale, 7003, Lot 45, who has one of the top bull calves and 9059, the Lot 167 bred heifer.

AI to K&B Bandido 8227U ET on May 27. Pasture exposed to Bandido from July 1 until August 5.
