What a future there is ahead for this beautiful, solid marked, red eyed KO daughter. She's the kind of female we strive for. Moderate framed, correct made and excellent uddered. Add to that productivity. Her first calf is the powerful Lot 147 heifer that is one of the feature bred heifers and her bull calf at side is a bonafide Herd Bull prospect by Bandido. She is backed by excellent uddered, top producing cows throughout her pedigree. Awesome cow with an outstanding calf here! Average WR of 122 on one calf.

AI on June 5 to K&B Bandido 8227U ET. Pasture exposed from July 1 to August 5 to Bandido.

Extremely deep bodied, thick made, beautiful uddered would be some terms used to describe 8025. Here's a young female with a bright future. She goes back to some super cows and has 9126J and L18 on the bottom side. She is the kind that could raise a herd bull. Her R413 bull calf is a real good one.

Pasture exposed from July 1 to August 5 to K&B Tailor Made 9017W ET.

## BULL DEVELOPMENT PROGRAM

We are offering a winter BULL DEVELOPMENT program to the buyers of this 2010 bull crop.

#1 — Bulls will be fed and wintered at a cost of \$75 per bull, per month until delivery.

#2 — Bulls left for the K&B bull development program will need to be insured. K&B will do a 50/50 cost share on the insurance premium. A six month policy is 4% of the purchase price, making the buyer's share 2% of the purchase price. Insurance premium is to be paid on sale day.

#3 — UNINSURED BULLS. The bull buyer accepts full responsibility of any loss if they decline the insurance and they will sign a waiver at settlement time.

We feel that we have an outstanding offering of bulls to show and sell. They are being developed in the same manner as previous years and you will have the opportunity to see them with their mothers on sale day or any time prior to sale day.

There is definitely donor potential in 8045. Phenotypically she is hard to fault. She's long bodied, deep ribbed, smooth made and nice fronted. She is beautiful uddered and heavy milking. Her dam, 2510, is a Dam of Distinction and one of the top cows to walk this ranch. 8045 has a very interesting polled 3027 calf. Here's an opportunity to own a great young female with a promising future ahead of her.

AI on June 15 to C New Era ET. Pasture exposed from July 1 to August 5 to K&B Tailor Made 9017W ET.

8052 is a beefy granddaughter of L18. Her beautiful uddered dam, 2486, is one of our favorite older cows. She is a daughter of OXH Domino 8115 and those were excellent females. 8052 has that extra muscle and a perfect udder. Her 3027 heifer calf should be a good one. A maternal sister to 8052 is Lot 181 and is a good one.

AI on May 22 to K&B 3027 Jet 9145W. Pasture exposed from July 1 to August 5 to Jet.

8263 is a daughter of 6067, Lot 5 herd bull, and her maternal grandam is the mother of herd bull 5162. 8263 is a sharp looking heifer with an excellent udder. She's only a May heifer but she's doing a great job on her Feb.22 heifer calf.

AI on June 18 to K&B Bandido 8227U ET. Pasture exposed to Bandido July 1 through August 5.

9005 is a moderate framed heifer with extra thickness. She is correct made and has lots of pigment. Her dam is the real good Lot 80 cow that has one of the top heifer calves in the sale. Super set of EPDs make her a real cow prospect.

AI on May 24 to ECR L18 Extra Deep 9279. Pasture exposed from June 17 to August 5 to K&B N40 Excel 6067S.
