## THE NED & JAN WARD QUALITY PROGRAM

**Ned, Jan & Bell Ward 307/672-3248**  
247A Decker Road • Sheridan, WY 82801  
[njwardherefords@gmail.com](mailto:njwardherefords@gmail.com)

**Welcome to NJW and our 2012 Bull Sale!**

It is our firm belief that the "Balanced Trait Approach" is still the right one ...while we want breed leading growth and carcass traits, we first focus on calving ease, fertility, udder quality, milk and fleshing ability.

Buying bulls is a huge investment, both now and in the long term. We are proud to be offering bulls that are a balanced, efficient, forward moving set of Genetic Tools. **The average EPD's of NJW Yearling Sale Bulls and National Rank...**

Prior to taking weaning weights, our calves are raised on Wyoming range and their mother's milk ...only! Their dams are hard working, problem-free females. We strive to develop our bulls to improve longevity. They have been wintered on a 14% high fiber complete pellet and free choice, mostly long-stem hay. We feed the bulls here so you can view them anytime.

Although the show ring is not at all the focus of our program, we feel that it is a superb way to advertise and promote our cattle, especially to fellow purebred breeders. The Denver Stock Show is attended by breeders from all over the world and it is a place to assess other programs, talk cattle and enjoy good Hereford fellowship! This year, we had the honor of raising and exhibiting the National Champion Polled Hereford Bull and Supreme Hereford with NJW 73S M326 Trust 100W. A huge honor ...but, what we are most proud of is the fact that this bull was first a Breeding Bull, used hard here in the pasture as a yearling and again as a two year old. We now have two outstanding calf crops by Trust with 13 of his first crop being offered in this sale!

Ned and I are dedicated to breeding better cattle, good ranching and making a living off of our cattle. We love what we do and are grateful to be raising Bell in this family ranching lifestyle.

Thank you from the heart for your interest and trust in our program!

**Ned, Jan & Bell Ward**

## **GENERAL INFORMATION**

### **Sale Location:**

Sale located at Ward Ranch ...2.5 miles North of Sheridan, WY ...off I-90 Exit 20, turn right on Hwy. 338 for 2.5 miles to the ranch on the right.

### **Airports:**

**Terms:** Cash or check. Each animal to be sold to the highest bidder. The auctioneer shall settle any disputes as to bids. All cattle are to be paid for by the purchaser during or immediately after the sale and will not be released until settlement has been made. Each animal becomes the property of the buyer immediately after the animal is sold. Any death or injury thereafter falls upon the buyer. **Announcements concerning the cattle at the sale ring by the owners or the auctioneer will take precedence over statements in this catalog.** All persons attending the sale do so at their own risk. Neither the owners, nor any person associated with the sale, assumes any liability, legal or otherwise.

**Guarantee:** All animals in the sale are guaranteed breeders. If any adjustment is required, it will be made with a replacement animal of equal value to the animal in question or credit will be given on the purchase of another animal.

**Health:** All bulls in the sale have passed a Breeding Soundness Exam. They have been BVD ear notched and tested negative. Health certificates will be furnished for shipment anywhere in the U.S.

NJW follows a very strict herd health program. All bulls in the sale have received a pre-breeding dose of ViraShield 6 VL5 HB, a booster of our Autogenous Pinkeye Vaccine as well as poured with Ivomectin.

All bulls selling have been DNA tested through the American Hereford Association and are free of all known defects recognized by the Association as of April 11, 2012.

**Delivery:** Free delivery within 300 miles. Receive a \$50 discount per bull that you haul home on sale day.

### **Take Note:**

- Each bull's Lot # is same as his ID #
- Bulls sell in catalog order
- Birth weights are actual and calves are scale weighed
- All sale bull photos are untouched

• This favorite 28M son offers extra volume, capacity and plenty of muscle along with an 80 lb. BW ...a very appealing package, both to the eye and on paper. His young, modest sized, super deep ribbed, efficient 4037 dam is from the 19D cow family. A practical, functional, herd building tool to be used at NJW in making our Next Generation. **Selling One-half Semen Interest and One-half Possession.**

• You will admire this guy for his great profile, length of body, depth of rib and ample, long, deep quarter. He's real smooth shouldered, tight sheathed and short marked with a great hair coat! A well read pedigree and great set of numbers. We think these 38W sons will be ideal "rancher bulls" and "cowherd builders."

• We kept this bull last year in case one of our herd sires got hurt. We also hand bred him to a few and have some really nice calves out of him. Dam and granddam are top cows here. Full brother to 88X bull that Colyer, King, GKB purchased in our 2010 Sale. Maternal brother to herd sire Durango 44U and Lots 82Y and 83Y.
